Autumn 2

W.C 2.11.20

Maths

In our Maths work this half term we will be continuing to work on our times tables knowledge. We will also be working on length and perimeter.

We Built This City!

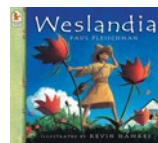

Who built this city? We did!

We will be exploring many different types of buildings, how they were built and who they were built by.

Throughout this **Geography** based topic we will be exploring and learning lots of new information, not only about our own towns, cities and country, but about towns and cities around the world!

Reading into Writing

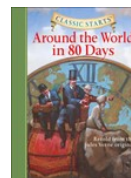

In our writing this half term we will be working on the text 'Weslandia' from this we will be creating our own setting descriptions. Later on in the half term we will also be creating our own persuasive pieces of writing.

Guided Reading

Our guided reading text this half term is the adventure text 'Around the World in 80 Days' Let the adventures begin!

Your child will read their individual reading book once a week with an adult but will also be reading with an adult during Guided Reading sessions.

Homework

Children will receive their new Nando's menu with a range of tasks colour coded by difficulty. Children can choose one task per week to complete. We have asked the children for their input on this so hopefully there will be something to satisfy all talents. Please also support children with their times tables and spellings as these are essential for the learning that takes place in school.

PE kits— Please make sure that your child has their PE kit in school each day. Please ensure that names are in each item of clothing and that children have both an indoor and outdoor kit.

Reading

We are continuing with our non-negotiable for reading. As you already know, at home children are expected to read everyday and this is to be **recorded** and **signed** by an adult in their reading diary each time they read. This will be checked by a member of staff, when appropriate. When your child has finished their book they are expected to place it into the reading basket and it will be changed as and when needed.

Things to remember

P.E : Wednesday - outdoor Friday indoor.

Reading Books Changed: As and when needed

Spelling test: Friday

Homework: Uploaded to Seesaw by Thursday each week.

Thank you for all of your help and support throughout our first half term in Year 4.

Miss Benbow and Mr Butterworth.
