November 2020

Dear Parents/Guardians,

As part of our effort to continually develop purposeful play in the Early Years unit, we are implementing 'The Rainbow Challenges'. Each week the children are offered 4-6 challenging activities to complete. The children will complete 4 of these independently during play and 2 through adult led activities. In reward for each completed challenge they are given a coloured lollipop stick. The children with **all** their lollipop sticks by the end of the week will win a 'Rainbow Challenge Reward Card' in Friday's Early Years assembly. The reward cards will then be placed into a hat and 2 winners will be drawn to win a prize. The children who attended our nursery last year will already be familiar with this.

Each Monday we will send home a list of the rainbow challenges for that week and explain what your child needs to do to complete them. Please ask your child which lolly sticks they have earned each day, and encourage them to 'Reach for the Rainbow!' and collect them all.

Thank you for your support

The Early Years Team

'To be the best that we can be'
