

# Autumn Term in Year 2

## English

We will be linking our writing to your Topic work this term - Oldham. We will have focus texts such as the Tear Thief and Leather shoes Charlie to inspire our work. We will be working suffixes, noun phrases, and adjectives.

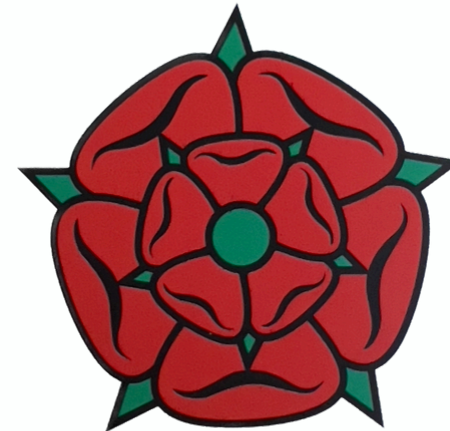

## Maths

In Maths we are going to be working on multiplication. We will be using Power Maths to assist our learning and will be doing weekly arithmetic work on Fridays.

## History

In Year 2, we learn about events beyond living memory and link this to our own lived experiences. We study the Mills of Oldham and the Industrial Revolution, including its impact on Oldham but also across the country and the wider world.

## Science

In Science we will be following the Whiterose scheme of work looking at offspring of different animals and the life cycle.

We learn about inspirational 'local' people who have affected our lives and those of others such as Emmeline Pankhurst and Winston Churchill.

## Art

In Art we will be looking at silhouettes and skylines of Oldham. Our class Artist is Matisse and we will become more familiar with their work over the coming weeks.

## PE

IN PE, year 2 will be doing both indoor and outdoor PE. This will be with Harry on a Monday and Thursday.
