

My Learning Challenges

Your child will select two numbers and place the symbols < > or = between them. They will then describe the number sentence using the words 'greater', 'less than' or 'equal to'

Your child will label a globe showing where the North Pole, South Pole and equator are.

Your child will read a simple sentence and match it up to the correct winter picture.

Your child will design and construct their own snow palace using appropriate resources.

Your child will make a poppy for Remembrance Day.

Your child will use cold coloured paint to create their own repeating pattern

Your child will build a structure, using only ten straws and sticky tape.
