

# My Learning Challenges

Your child will choose a toy and write their own lost poster for it. They will make sure they use lots of adjectives.

Your child will group objects correctly that are made from different materials such as metal, wood, fabric and plastic. They will also be encouraged to say if it is hard, soft, smooth or bumpy.

Your child will practice writing and spelling high frequency words in different ways.

Your child will use a ten frame, choose a number and represent it as many different ways on the ten frame as possible by moving the objects.

Your child will make a cup and ball game

Your child will look at a range of characters from Toy Story and write a sentence about them using adjectives.
