

**HOW CAN WE HELP  
TO KEEP OUR  
BUBBLE SAFE?**

**YEAR ? PROMISE TO...**

When we arrive at school we will stand on our markers and will ask our grown ups to do the same.

We will wash our hands often -  
remember we have to do this  
properly!

We will catch, bin and kill any germs by using the silver bin for any tissues we use.

We will think about our personal space and try not to touch others.

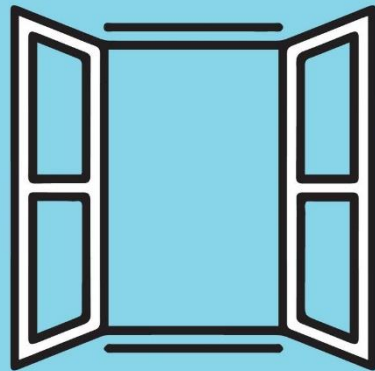

We understand that teachers  
have to keep their distance but  
are ALWAYS willing to help.

We will follow instructions from adults to keep others safe. This includes playtimes, lunchtimes and moving around school.

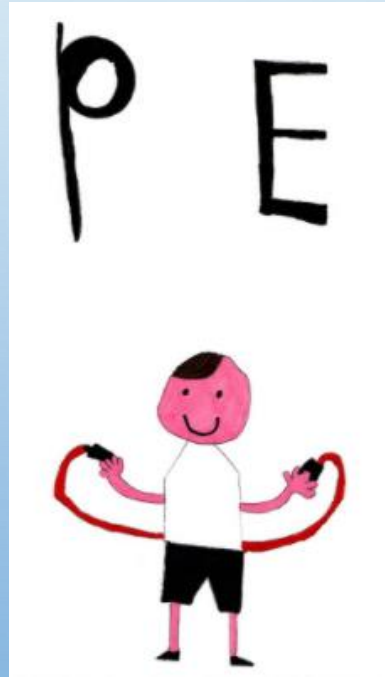

We will check that our windows and doors are open to keep us safer.

KEEP THE  
WINDOWS  
OPEN

On \_\_\_\_\_ and \_\_\_\_\_  
we will come to school in our PE  
kits.

When we leave school we will stay with our adults and make our way home straight away.
